Sony xperia best battery life.

Does anyone know if we can set custom hours in battery care now? If yes, would it be possible to extract the apk so we can see if it's working in order devices? Thank you. It's included with the Nougat update. Reactions: M1chie! Not sure how, but i have the Battery care menu inside Settings -> Battery. Reactions: M1chie! Nope. Stock Nougat on F5122. Today I connected my phone to a charger and I received a message that Battery Care starts to control the charging process! Not sure if this is because I rebooted or because it takes a week or so to recognize my typical charging patterns. Hey... How is the battery life on Xperia x??? What's the best screen on time we can get??? M sure the battery life will be better than Xperia z5... Hey... How is the battery life on Xperia x??? What's the best screen on time we can get??? M sure the battery life will be better than Xperia z5... it depends on your usage. i've got something like 5h 30min(max) of sot, but at least 4h 30min using mobile data only, 3h30 of sot and 3h30min of calling, but i don't play games Last edited: Jan 13, 2017 I am pretty satisfied with the settings I made. As you can see on my screenshot, I am now running since 07:00 AM yesterday and got 36% left. I used it relatively normal, no gaming or continuously usage for about an hour or so. What I did was install xposed, greenify and amplify. I activated stamina mode and changed the CPU governor settings to on-demand. Also I forced gpu rendering. No lags or slowdowns at all. IIRC, yes. I guess having the app installed and then update will give you that feature. Hi, can you confirm the following? Before updating to nougat you installed the battery care apk (not as a system app) and after the update you found Battery Care App on Nougat? Thank you I think that Battery Care can run only on devices with USB type C port.. Last edited: Jan 17, 2018 Hi, can you confirm the following?
